## EDUCATION

Centennial High School, Las Cruces — General Education Diploma GPA: 3.5  
August 2015 - May 2019

University of Texas, Austin — Full Stack Web Development Certification  
October 2020 - March 2021

## EXPERIENCE

Student Researcher — NMSU Computer Science, Las Cruces NM  
August 2019 - October 2019

Leading a team of four to build and develop smart home systems by applying skills in multiple programming languages (Java, CSS, HTML).

Student AV technician — ICT Classroom Technology NMSU, Las Cruces NM  
July 2019 - November 2019

Install and troubleshoot classroom technology such as projectors, speakers, microphones, cameras, and computer setups.

Computer Science Summer Institute — Google, Seattle WA  
July 2019 - July 2019

One of thirty students to attend a program at the Google offices in Seattle. Learned and utilized skills in Python, JavaScript, HTML, CSS, AppEngine, and Command Line to make a functional webapp. Made a webapp with two other colleagues in one week, designed to improve college preparation. [collegeplus.us](https://collegeplus.us)

Owner — Lyfe Here, Las Cruces  
March 2020 - Present

Created a website dedicated to local growth and exposure for both business entities and clubs/groups. <https://lyfehere.com>

Owner — The Range, Las Cruces  
May 2019 - Present

Manage and book all entertainment, perform sound technician duties, and manage under ten employees at the concert venue. The main focus is leading a team of like-minded workers to create an enjoyable entertainment experience at the venue/Recording studio.

## LEADERSHIP AND COMMUNITY ENGAGEMENT

Co-Producer/member — Las Cruces Make Music Day

Led the transition to an online event and celebration of music despite the global Pandemic. Helped convey and teach the importance of online outreach and community engagement tools.

President/Vice President/Club member — Centennial High School jr. Rotary Club

Led and attended local and national charity events while holding different positions within the club over several years. Raised over five hundred dollars towards the international shelter box foundation and helped in the local dress a child events.

Computer science outreach — Las Cruces, New Mexico

Gave talks to local High School students about computer science opportunities.

## TECHNICAL SKILLS

3D printing/ modeling (Fusion 360)  
Troubleshooting/ debugging

Social Media Marketing

Programming (Java, Python, CSS, HTML, AppEngine, JavaScript, Node.js, Bootstrap, Materialize)

Video editing and production scheduling (Premiere Pro, After Effects)

## PERSONAL PROJECTS

Youtube channel where several personal projects are highlighted: <https://bit.ly/2lOZhqa>

Made a smart door for my house using several mechanical components and linked smart control from my phone and Google home. Completed this project by using 3D modeling and printing techniques.

Created a web scraper in Python to search for the best Textbooks to buy and sell.

Built a smart mirror that has an incorporated Google Home. Crafted this device by using Google voice api and Java to expand upon the open source project called Magic Mirror.

Created a website to generate a random password based on user determined criteria. [https://sagelogan.github.io/HomeWork3\\_JavaScriptPasswordGenerator/](https://sagelogan.github.io/HomeWork3_JavaScriptPasswordGenerator/)

Created a website to test a user's knowledge of Javascript basics. <https://sagelogan.github.io/CodeQuiz/>
